

Notice Regarding Cancellation of SERA 2015

The safety and well-being of all conference attendees is of most concern given the current situation in Tunisia related to ongoing ISIS activity. Due to the concerns of the sponsoring organizations and general chair of the conference, the decision has been made to cancel SERA 2015. Alternate venues were investigated, however, they were determined not to be feasible.

All registration fees will be refunded in their entirety. We appreciate your support and apologize for the inconvenience.
