Call for Papers

The 36th International Conference on Software Engineering, Artificial Intelligence, Networking and Parallel/Distributed Computing (SNPD 2027-II)

August 25-27, 2027

Beijing, China

Venue: Beijing University of Posts and Telecommunications

Important Dates

Special session proposal:	April 7, 2027
Full Paper Submission:	June 4, 2027
Acceptance Notification:	June 18, 2027
Camera-Ready Papers & Registration:	July 2, 2027
Conference Dates:	August 25-27, 2027

The 36th International Conference on Software Engineering, Artificial Intelligence, Networking and Parallel/Distributed Computing (SNPD 2027-II) brings together scientists, engineers, computer users, and students to exchange and share their experiences, new ideas, and research results about all aspects (theory, applications and tools) of Software Engineering, Artificial Intelligence, Networking and Parallel/Distributed Computing and discuss the practical challenges encountered and the solutions adopted. The conference will cover a broad set of research topics

The conference will cover, but are not limited to:

Algorithms	Generative AI
Artificial Intelligence	Human-Computer Interaction
Audio and Video Technology	Image, Speech, and Signal Processing
Affective Computing	Information Security, Integrity, and Reliability
Big Data Management and Analysis	Internet Technology and Applications
Bioinformatics	Mobile/Wireless/Ad-Hoc Networks
Blockchain	Material Informatics
Case-Based Reasoning	Natural Language Processing
Cloud Computing	Neural Networks & Genetic Algorithms
Collaborative Computing	Operating Systems
Communication Systems and Networks	Parallel and Distributed Computing
Component-Based Software Engineering	Soft Computing
Computing for Wellbeing	Software Specification and Architecture
Cryptography and Network Security	Software Testing
Data Mining and Machine Learning	Visual and Multimedia Computing
Database System Management	Voice-over-IP and Security
E-Commerce and Its Applications	User-Centered Design Methods
E-Learning	Web-Based Applications
Embedded Systems	Web Information Processing

Submission Types

- Full Paper
- Short Paper
- Special Session Paper (invitation only)

Submission Instructions

Authors are invited to submit original, unpublished research papers describing significant contributions, novel methodologies, systems, applications, or experimental results.

The conference welcomes both theoretical and applied research, including novel algorithms, architectures, frameworks, experimental studies, prototypes, datasets, and real-world applications.

Authors who are interested in the above topics can submit their unpublished work to SNPD 2027 conference via Easychair. Simultaneous submission to a journal or another conference with refereed proceedings is not allowed.

Submissions must adhere to the following guidelines:

- Papers must be formatted using IEEE Conference templates file without altering margins or the font point.
- The maximum length is 8 pages for a regular paper and is 4 pages for a short paper (including references).
- Proofs omitted due to space constraints must be placed in an appendix to be read by the program committee members at their discretion.
- Please put the "SNPD2027:" in front of your paper title.

Best Paper Award

Conference officers will select papers for the Best Paper Award Awards. (To qualify for an award, the Paper must be presented at the conference.)

Publication

Proceedings will be published by IEEE Conference Publishing Services and will be submitted to be indexed by EI, INSPEC, and DBLP.

Conference officers will select outstanding papers for publication in the following journals (www.acisinternational.org):

- International Journal of Networked and Distributed Computing (IJNDC), Springer, Germany
- International Journal of Software Innovation (IJSI), IGI Global, U.S.A.
- International Journal of Big Data Intelligence and Applications (IJBDIA), IGI Global, USA
- Studies in Computational Intelligence (SCI), Springer, Germany

Organizing Committee:

General Chair

Xiaoyan Zhang, Professor, Beijing University of Posts and Telecommunications, China

Conference Chair

Wenbin Yao, Professor, Beijing University of Posts and Telecommunications, China

Program Chair

Hai Jiang, Professor, Beijing University of Posts and Telecommunications, China

Publicity Chair(s)

Quan Qian, Professor, Shanghai University, China

Tianning Zang, Professor，Institute of Information Engineering, Chinese Academy of Sciences

Registration Chair

Juanjuan Luo, Assistant Professor, Beijing University of Posts and Telecommunications, China

Xueying Wang, Assistant Professor, Beijing University of Posts and Telecommunications, China

Local Arrangement Chair

Yawen Wang, Associate Professor, Beijing University of Posts and Telecommunications, China

Finance Chair

Roger Y Lee, Central Michigan University, USA
